And if any aquatic products are transported for the purpose of sale in any vehicle the license required of such dealer shall be displayed inside of such vehicle. Provided that no person shall bring into this State any aquatic products and in this State offer same for sale without procuring the license required for such a transaction by a dealer in this State, and the fact that such aquatic products were caught in another State shall not entitle the person claiming to have caught them to sell same in this State as a commercial fisherman."

Sec. 2. Any person failing to comply with, or who violates any provision of this Act, shall be deemed guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than ten dollars (\$10), nor more than two hundred dollars (\$200), and his license shall be automatically canceled and he shall not be entitled to receive another such license for one year from the date of such conviction.

Sec. 3. The fact that the present law does not require a separate fish dealers' license for each place of business operated by a fish dealer, and the further fact that chain stores under the existing law may operate any number of stores throughout Texas by paying one wholesale fish dealer's license, and the fact that such a condition works to the benefit of the chain store, and the further fact that the failure of the original Act to provide for the posting of such license in each place of business, renders the enforcement of the Act difficult, creates

an emergency and an imperative public necessity, authorizing the suspension of the constitutional rule requiring bills to be read on three several days in each House, and said rule is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

Respectfully submitted,

RELATIVE TO BANKHEAD COTTON LAW

The Speaker laid before the House, for consideration at this time, resolution offered by Mr. McGregor, relative to the Bankhead Cotton Law;

The resolution having heretofore been read second time, and referred to the Committee on Agriculture;

The Committee on Agriculture having recommended the adoption of the resolution, with the following substitute resolution:

Whereas, There have been accumulating for years enormous surpluses of farm products and commodities which have been produced within the United States, which surpluses have resulted in depressed prices to the growers of such farm products to the extent that extreme poverty and want exists among the farmers of the Nation, particularly in the cotton-growing South; and

Whereas, The National Democratic Congress has passed emergency legislation to control surplus production of agricultural commodities, namely, the Agricultural Adjustment Act, and the Bankhead Bill; and

Whereas, Said legislation was not recommended by the President or enacted by Congress until the matter of compulsory control was submitted to the farmers of the South and overwhelmingly demanded by them, this in keeping with the true spirit of Americanism. There have been various attempts made to speak for the farmers of Texas and express their attitude on the Bankhead Cotton Control Bill, resulting in a public hearing before the House Committee on Agriculture at which the sentiment was overwhelming that the Bankhead Act has resulted in greatly increased prices for cotton and has averted economic disaster, which faced the

South, if ruinous low prices had continued; and

Whereas, The enactment of the Bankhead Act has resulted in greatly increased prices for cotton and has averted economic disaster which faced the South if ruinous low prices had continued. The Legislature recognizes the tremendous difficulties faced by Federal authorities in putting into practice the Bankhead Bill, but feels that the motives behind said legislation are unquestioned and that despite seeming injustices in some cases that the net results of cotton acreage control have been highly beneficial to the South; and

Whereas, Compulsory acreage control became necessary because of those who refused to comply with voluntary reduction program and thereby receive the benefits of the unselfish and patriotic efforts of the large majority of their fellow farmers; and

Whereas, The House of Representatives of the Forty-third Legislature, in Third Called Session, deprecate any and all efforts on the part of those interested solely in the processing of cotton or its by-products to discredit or embarrass our President and the Democratic Party in aiding the agricultural South and restoring a measure of prosperity to those engaged in agricultural pursuits and in placing them on a parity with other industries; and

Whereas, The cotton-growing States planted and produced this year's cotton crop in compliance with the Bankhead Cotton Control Bill and there is now being made an effort to suspend the operation of the law in the marketing of this year's cotton crop; now, therefore, be it

Resolved by the House of Representatives of the Forty-third Legislature, in Third Called Session, That we oppose as unfair any attempt to suspend the operation of the Bankhead Law in the marketing of this year's cotton crop; and be it further

Resolved, That in the event said Bankhead Law is suspended, that the Government having contracted with the signers under said Act to withhold their land from cultivation in consideration of the issuance to them of Tax Exempt Cotton Certificates and said certificates having been issued, that in that event the Government should redeem such certificates by paying to the holders thereof the stipulated face value of the same; and be it further

Resolved, That we commend and heartily endorse the movement on the part of the President and the Democratic National Congress to control production of agricultural commodities so long as ruinous surpluses exist and so long as acreage control is urged by the farmers themselves; and be it further

Resolved, That we respectfully urge those in charge of the administration of the Bankhead Bill to simplify and modify its provisions, to the end that farmers can receive their Tax Exemption Certificates more speedily. We further recommend that a minimum of five bales of tax-free cotton be allowed each farmer for the crop year 1935; and be it further

Resolved, That certified copies of this resolution be sent the President of the United States and the Honorable Henry F. Wallace, Secretary of Agriculture, and to all members of the Texas delegation in Congress.

The substitute resolution was adopted.

The resolution as substituted was then adopted.

CONFERENCE COMMITTEE REPORT ON HOUSE BILL NO. 25

Mr. Pope submitted the following conference committee report on House Bill No. 25:

Committee Room,
Austin, Texas, September 25, 1934.

Hon. Edgar E. Witt, President of the Senate, and Hon. Coke R. Stevenson, Speaker of the House of Representatives.

Sirs: We, your conference committee, appointed to adjust the differences between the House and Senate on House Bill No. 25, beg leave to submit the following report:

We have had House Bill No. 25 under consideration, and recommend the adoption of the attached bill.

"H. B. No. 25,

A BILL

To Be Entitled

An Act for the purpose of releasing the interest and penalties from all delinquent ad valorem and poll taxes that were delinquent on or before August 1, 1934, due the State, any county, city, common school district, independent school district, road district, levee improvement district, water improvement district, water control and improvement district, irrigation district, and other defined subdivisions of the State, provided same are paid on or before February 1, 1935; providing that nothing in Section 1 of this Act shall be construed as postponing, limiting, or extending the time for the payment of delinquent taxes covered by this Act, nor prohibiting, postponing, or delaying the filing or prosecution of any suits, for the enforced collections of the same, provided that all interest and penalties shall be released as provided in Section 1 hereof; providing that anyone desiring to pay at one time all delinquent taxes on the same property for any one year, or for any number of years, may so pay without paying all the delinquent taxes on the same; providing that all laws in conflict with this Act are expressly suspended during the term of this Act in so far as same are in conflict with the provisions hereof; providing that if any section, clause, sentence, paragraph, or part of this Act be adjudged to be invalid by any court of final or competent jurisdiction, such judgment shall not affect, impair or invalidate the remainder of this Act; and declaring an emergency."

Be it enacted by the Legislature of the State of Texas:

Section 1. That all interest and penalties that have accrued on all ad valorem and poll taxes that were delinquent on or before August 1, 1934, due to the State, or to any county, city, common school district, independent school district, road district, levy improvement district, water improvement district, water control and improvement district, irrigation district, and other defined subdivision of the State, shall be, and the same are hereby, released, provided said ad

valorem and poll taxes are paid on or before February 1, 1935.

It is hereby expressly and specifically provided that the penalties and interests herein released are released only and on delinquent ad valorem and poll taxes and on no other taxes.

Sec. 2. Nothing contained in Section 1 of this Act shall be construed as postponing, delaying or extending the time for the payment of delinquent taxes covered by this Act, nor as prohibiting, postponing, or delaying the filing or the prosecution of any suits for the enforced collection of the same, provided that all interest and penalties shall be released as provided in Section 1 hereof.

Sec. 3. Any person, firm, association of persons, or corporation desiring to pay at one time all delinquent taxes owed by such person, firm, association of persons, or corporations for any one year or for any number of years, shall have the right to pay same under the provisions of Section 1 of this Act without at the same time paying any other taxes that may be then delinquent upon the same property for any other year or years.

Sec. 4. All laws and parts of laws in conflict with the provisions of this Act are hereby expressly suspended during the term of this Act in so far as the same are in conflict with the provisions hereof.

Sec. 5. It is further provided that in case any section, clause, sentence, paragraph or part of this Act shall, for any reason, be adjudged by any court of competent or final jurisdiction to be invalid, such judgment shall not in effect impair or invalidate the remainder of this Act, but shall be confined in its operation to the section, clause, sentence, paragraph, or part thereof, directly involved in the controversy in which said judgment shall have been rendered.

Sec. 6. The fact that millions of dollars in taxes are now due and have been due to the State and its subdivisions for many years past by people who would meet their obligations to the State Government if the heavy costs and penalties and interests were omitted, creates an emergency and an imperative public necessity demanding that the constitutional rule which requires all bills to be read on three several days, in each House, be suspended, and said rule is hereby suspended, and said Act shall be in force

and take effect from and after its passage, and it is so enacted.

SHANNON,
GREATHOUSE,
POPE,

On the part of the House;

RAWLINGS,
COLLIE,

In accordance with the above action, the Speaker announced the appointment of the following committee: Messrs. Bradley, Wells, Burns, Patterson, and Hartzog.

**FULL TEXT OF PLAN COMMISSION'S REPORT AS ADOPTED
BY THE TEXAS CENTENNIAL COMMISSION**

Mr. Savage moved that the following be printed in the Journal:

The motion prevailed.

The Planning Committee for the Texas Centennial at the Corsicana meeting recently submitted to the Commission its first draft of plans for the big exhibition of 1936. The report was unanimously adopted. It appears below verbatim, for the information of all Texans interested in plans properly to commemorate the glories of their past and press on toward the glories of the future.

First. We recommend that in order to portray properly to the world the incomparable history and unexampled progress of Imperial Texas, our observance thereof should be a Centennial celebration, international in scope, as big and great and beautiful and inspiring as is humanly possible within the time allotted and with the resources provided.

Second. We recommend, as a fitting contribution to this epochal event, that an authentic and comprehensive history of Texas shall be undertaken without delay under the direction of the Department of History of the University of Texas; that in the completion of this patriotic work, a staff be selected of men and women peculiarly equipped by ability and experience to make research and assemble data and facts from the rich material and records now being made available; that unbiased chronicles of the events, forces and influences, not only military and political, but in every field of human endeavor, be prepared and published for the benefit of this generation and posterity.

Third. We recommend, pursuant to the law recently passed by the Texas Legislature, that our Commission make ready, as rapidly as possible, for

the holding of a mammoth, central exposition, soon to be located as provided by statute, which shall impressively emphasize the material, educational, artistic, cultural and religious development of the people of Texas; that a number of worthy celebrations, local in their nature, shall be held in those communities scattered throughout the State, interwoven intimately with the early romantic history of Texas; that in the holding of the central exposition and historical celebrations, that all of them be conducted in the spirit of cooperation; and that the moneys hereafter made available by the State shall be properly and proportionately allocated by the Commission between the Central Exposition and the historical celebrations.

Fourth. We are of the opinion that our great central exposition must be Texanic in its proportions and continental in its ideals; that the occasion in spite of ancient differences between Texas and Mexico, once divided but now the friendliest of good neighbors, should be utilized to cultivate and continue the spirit of mutual understanding and good will that shall endure unbroken through all coming generations; and that the Republic of Mexico should be invited on appropriate days and in generous fashion to take part in our Centennial program.

Fifth. We call attention, with pardonable pride, to the sequence of events in Texas history that added so much in expanding territory and incalculable wealth, and resources to our common country; to the romantic manifest destiny which speeded the American Flag from the Sabine River to the Pacific Ocean; to the desire and expectation that the United States will recognize the propriety and the duty of taking a worthy part in the celebration of events so meaningful in American civilization; and to the well founded hope that the United States Congress will make an appropriation not less generous in amount than that to be provided by the Texas Legislature.

Sixth. We recommend that the President of the Commission be requested to take such action as may seem proper and necessary to collaborate with the Congressional committee, recently created by Congress, headed by Senator Tom Connally, with a view to securing financial aid from the Federal Government in behalf of the Texas Centennial. We further

recommend that the President of the Commission be authorized and requested to consider proper steps to be taken in behalf of the Centennial to contact the Governors of the States of our Union, and especially those States from which the tides of population have flowed into Texas from the days of the Austins; and further especially contact the Governors of those States toward the west of us carved out of the vast territory that came into the Union following the Independence of Texas; (in the belief that such States will be happy to find appropriate recognition in our Centennial exposition). Also to contact many foreign governments with a view to cultivating closer relations in trade and culture with Latin America; and especially France, Spain, Mexico, and the States of the Confederacy, thereby emphasizing by the participation of these governments, the romantic history of Texas under six Flags.

Seventh. We recommend for the purpose of carrying out the plans of this great epochal project, that a permanent practical organization be set up, substantially as per chart herewith submitted; that the Texas Centennial Commission shall, at all times, retain and reserve that control and direction contemplated by the terms of the law, as to manner, method, extent and plans of initiating and holding the official observance of the Texas Centennial, including both the central exposition and the historic celebrations; that for convenience and efficiency, those powers and duties shall be lodged in an executive committee of not less than five nor more than seven members of the Commission, which executive committee shall always be subject to the will and judgment of the full commission; that the office is hereby created of Director General, who shall be vested with all the powers and duties of a general executive in carrying out and enforcing the purposes and plans for the Texas Centennial; that the multifarious labors of the organization shall be departmentalized, having suitable and efficient heads known as Directors, all under the supervision and direction of the Director General; that in the set-up of this organization, men and women shall be chosen, free from political bias or interference, but solely on merit, efficiency and suitability to do the work to which they are assigned; that the suggested

set-up for organization is flexible and subject to such modifications as the Commission, on recommendation of the Director General, may hereafter order.

Eighth. We recommend that the Commission shall proceed, as soon as practicable, after the location of the central exposition, to select the ablest executive possible to be secured who is best suited in ability, equipment, adaptation and vision for this high honor and responsibility; that thereafter the Director General, with the consent and approval of the Commission, shall secure the services of an assistant to the Director General, especially qualified and suited to supervise the holding of the historic celebrations, whose duties it shall be to contact the various communities where military and political history was made, especially in Texas' early days; to undertake co-operation with such communities; to ascertain the wishes of the local people as to the nature, extent, date and duration of the proposed celebrations; and further to explore the ability and willingness of different localities to render financial aid in conducting of their celebrations; to collaborate in the undertaking to make all celebrations, however and wherever held, high class, patriotic and faithful to the facts of history.

Ninth. We suggest for the consideration of the historical department that special attention be given to setting up permanent markers and memorials in those spots and places, associated with the heroic saga of Texas; that especially near the Alamo and Goliad, and on the Battlefield of San Jacinto, Texas' most sacred shrines, the most splendid cenotaphs shall be erected, so beautiful and impressive as shall challenge the admiration and awaken the patriotism of all future generations of Texans.

Tenth. We recommend that the central exposition shall encompass in its practical development the complete story of Texas' progress from the crude beginnings of our hardy pioneers to the splendor of our present day civilization; that here be gathered in exhibit, the reproduction and pageant representation of all that is best in agriculture, live stock, mineral resources, social science, fine arts, liberal arts, education, culture, and religion—all this to the end that Texans may know and love Texas better and that both information and inspira-

tion shall greet the unnumbered millions whom we invite within our gates.

Eleventh. We suggest as desirable buildings for the central exposition, in which to house the display and representation of Texas' rich and varied resources, some of which improvements may be temporary, and some of which should be permanent, the following:

- (1) Administration building.
- (2) Agriculture and horticulture building.
- (3) Manufacturing and industry building.
- (4) Mineral resources building.
- (5) Cotton exposition building, including cotton in all its stages of development.
- (6) Transportation building, from the old covered wagon to the modern airplane.
- (7) Livestock building, including a hippodrome roofed over to hold rodeos, stock exhibits, with adjacent pens and stalls.
- (8) Game preserve; an open area setting for animals in their native environment, together with an aquarium, to be used as a place of sportsmen's exhibits.
- (9) Science building.
- (10) Educational and liberal arts building.
- (11) Fine arts building.
- (12) Temple of religion in which shall be portrayed the story of religious development in Texas from the far-off days of the mission of the wilderness to our present-day churches.
- (13) A very large coliseum or stadium to be used for athletic events, pageants, contests and celebrations.
- (14) A commodious auditorium in which to hold concerts, musicales, etc.
- (15) Model farms, model truck farm, model fowl or chicken farm, model fruit farm.

Twelfth. We recommend as preliminary to the opening of the Centennial celebration in 1936, to be inaugurated as soon as possible, systematic and consecutive programs in schools and committees under the leadership of the State Department of Education, State Teachers Association, Parent-Teachers Association, and the educational department of the Texas Federation of Women's Clubs, through its educational department, the Daughters of the Republic.

Thirteenth. We recommend that steps be taken by the Commission without delay to make contacts with and extend invitations to all national

conventions of every kind and character to hold their annual meetings in Texas during the Centennial period of 1936.

Fourteenth. We recommend that ample provision be made for recognition of extraordinary Texas talent in the domain of music, art, drama and poetry. To this end we further recommend the election of appropriate committees, qualified by training and experience, to develop plans, contests and awards for the encouragement of the cultural side of our civilization.

Whereas, The Honorable Lea Beaty was a Confederate soldier, and his passing lends an added significance to the fact that while the heroes who wore the gray have practically journeyed hence, the fine spirit which they bore here will never die.
